We definatley appreciate all that is being done to resolve the issues with the water. Our company has trained first responders in operations and technician levels. Our company would love to be apart of the clean up and monitoring of the water and contamination levels. We have resources to help . Our company is based out of Aztec , New Mexico. If any contractors or help is needed please feel free to contact us.

EPA is committed to working closely with response agencies and state and local officials to ensure the safety of citizens, respond to concerns and to evaluate impact to water contaminated by the Gold King Mine Release. EPA is sharing information as quickly as possible with the public as experts work to evaluate any effects the spill may have on drinking water, public health, agriculture, fish and wildlife.
Please see our website for the latest information: <http://www2.epa.gov/goldkingmine>
Regular updates will be posted as they are available.
